To Rev. W. L. Dykes, we are under obligations for a copy of the Newport Plain Talk, a county paper in his charge of last year, a very excellent sheet. He was located at Parrottsville, serving also Harned's Chapel, both of which places are represented by correspondence.

Mrs. E. M. Dutton, 15 Sewell Place, Roxbury, Mass., will continue to receive the News, forwarded to her by her parents, Mr. and Mrs. E. S. Haynes, who are very anxious that she should continue to get it. Mr. Haynes invaded our sanctum with a dollar "wilyum" to that effect Monday about 2 p. m., having found out in some mysterious manner that the subscription had expired Nov. 1.

Must a Child Be Pale?

Pallor, "Tired-outness" and Poor Appetite Almost Always Remedied by Pepto-Mangan.

It Builds Up the Blood and Thus Improves the Appetite and Strengthens the Body

There is but one legitimate excuse for a pale, run down, listless child, and that is some serious disease of one or more vital organs, which, of course needs the prompt attention of a competent physician. Unless such condition exists, the weak, white youngster who takes no pleasure in romping or playing can be very materially helped by a course of that thoroughly dependable blood enricher and general tonic, Gude's Pepto-mangan. This standard remedy for Anemia (Bloodlessness) has been continuously prescribed by physicians all over the world for nearly thirty years, to restore the weakened, watery blood to its normal condition, and thus improve appetite, add color to pale lips and cheeks and impart strength to the whole body. Gude's Pepto-Mangan can be had in both liquid and tablet form (no difference in its effect), the liquid, of course, being preferable for young children. When buying Pepto-Mangan, be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

"BIG BROTHERS"

ACTIVE AT TRACY

Tracy City, Nov. 17.—This place has a "Big Brothers" organization, a charitable body, and at a recent entertainment held at the Dixie Theatre in behalf of the needy of the town realized \$70. Features of the program were singing by Brantley Smith, the recitations of Miss Rachel Stone and the work at the piano of Miss Sarah Mai Hines. The use of the theatre was free, and a local gentleman, C. E. Werner, paid the operator to run the pictures, which were also furnished free.

SOME MONEY FROM ABANDONED FIELD

Crossville, Nov. 14.—E. P. Melvin, of Daysville, this county, has the record for production from a 10-acre tract of "poor" mountain land, an old field. He got 475 gallons of sorghum worth \$475, 80 tons of silage worth \$400, 200 shocks of cane hay worth \$25, a total of \$960, or \$96 per acre. Mr. Melvin estimates the expense as \$160, leaving a profit of \$800.

Reasons!

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

The Woman's Tonic

Mrs. Mary J. Irvin, of Cullen, Va., writes: "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness. . . I would go for three weeks almost bent double. . . My husband went to Dr. . . for Cardui. . . After taking about two bottles I began going around and when I took three bottles I could do all my work." E-80

CLIMBS OVER BEECH HUNTING MR. COON

Coon hunting is great sport in the Valley now; also possum hunting and hunters are getting rich returns. E. E. Brewer and J. A. McClanahan captured three possums in a foray in the bottoms near here one night recently, and their dogs treed two coons. The coons were wise, however and took to the big timber, an immense oak and beech with limbs 50 feet long sheltering them respectively. McClanahan, who is as nimble as a squirrel, climbed all over the beech hunting for the coon, but Mr. Coon was onto his job, and successfully dodged acquaintance. There is a big corn crop and coons galore in Sequatchie Valley.

"These Rats Wouldn't Eat My Best Grain," Says Fred Lamb.

It's hard to keep rats out of a feed store. Tried for years. A neighboring store sold me some RATS-NAP. It worked wonders. Gathered up dead rats every morning. Bought more RATS-NAP. Haven't a rat now. They wouldn't eat my best grain when I throw RATS-NAP around. Three sizes, 25c, 50c, \$1.00.
